dovetail DRAWERS & accessories . . .

Gingrich Woodcraft, Inc.

where quality and service meet!

We can line any custom ordered dovetailed drawer with fine felt. Designed to protect fine silverware and cutlery felt can be applied to any dividers and to the inside walls of the drawers or only the bottom.

Convex, Concave or Both! If your cabinetry or furniture takes a curve, let your drawers curve with it. Every curve is custom made and every joint is dovetailed. Curved parts and panels are made by laminating solid wood, and are designed to be flex free and nearly infinite in radius.

Custom Waste bin pullouts come with removable bins, each bin has a lid. Your choice of 20, 35, or 50 quart bins with single or double bins in one pullout. Designed for undermount slides.

Instock Waste Bin Pullouts. They are stocked in 3 widths. An economical option made from Baltic Birch Plywood with beautiful dovetail joinery. The pullout is mounted on Blum softclose slides that fasten to the cabinet floor.

Designed for spice jar storage, pre-finished and custom sized to fit YOUR drawer. Removable for cleaning.

Organize your cutlery with handmade, custom inserts and sliders, designed with 1.5" of inside height. Custom designs can be ordered.

Custom Cabinet Pullouts for kitchen, office or bath are a great way to organize small items and make good use of otherwise vacant spaces. Sturdy design with adjustable shelves.

Instock Cabinet Pullouts are made of solid maple with a beautiful finish. Three adjustable shelves bring plenty of economical space to your kitchen. The pullouts are mounted on Blum Softclose slides

Angle drawers! Nearly countless configurations are possible, including fronts tipped in or out. Made to your specifications and can be dovetailed at any angle from 40 - 180 degrees.

Cutting Board Inserts are a handy way to keep your cutting board with your knives. A solid hard maple cutting board is specially designed to slide back and forth in the drawer or be removed for use elsewhere.

Our corner drawers are designed with detail. Every corner is dovetailed. These drawers are available with square back, full back corner, attached back corner and removable dividers.

Corner Cabinet Kit: designed for 36" & 39" corners, with faceless or a face frame application. It can be purchased K-D or assembled. A cutlist is included for face frame parts. The number of drawers and the drawer heights are custom ordered, sized to fit your choice of hardware. There is no cabinet base or slides included. The cabinet is unfinished but the drawers can be ordered prefinished.

Classic Series lazy susan shelves are beautifully designed with dovetails in every corner, they can either be set on a turntable or installed on regular lazy susan hardware.

Contender Series Lazy Susan Kits. The shelves are made with a solid wood, steam bent, 2" (51 mm) high continuous rim with true mitres. The bottoms are 5/8" (16 mm) domestic MAPLE plywood which is CARB certified. The shelves are finished with a beautiful 40 sheen finish. The hardware has independent rotation on a chrome telescoping chrome pole.

Signature Series Lazy Susan Kits. For an open concept, the signature series hardware (bottom mount post) allows for 100% storage on the top shelf. Smooth and quiet dependent rotation, set on a thrust bearing rated at 2700#. The same beautiful shelves as the Contender. The available installation jig makes the installation of the kit quick and easy.

Magnum Series Lazy Susan Kits. Same quality shelves. The Magnum hardware is an attached sturdy 300# rated cast bearing which gives a quiet, smooth rotation. There are two shelves with hardware per set.

Gingrich Woodcraft Inc. will prepare drawers for undermount hardware, including notching and boring. Locking clips from BLUM and HETTICH are available as are GRASS DYNAPRO 3D locking clips and rear adjustment adapters.
