## Hettich Headquarters

Located in the scenic town of North Rhine-Westphalia, Kirchlegern Germany, Hettich's manufacturing and distribution centre offers visitors a rare insight into one of the world's best hardware manufacturers.

Explore the intricate world of Hettich's vast range of hinges, drawers and sliding and folding systems and discover what lies behind the innovation of Hettich products. Discover the concept behind new production buildings and Hettich's environment management, with improvements in energy and CO2 balance of Hettich products by over 30 per cent. See firsthand the quality and efficiency of Hettich's componentry while enjoying the spoils true German hospitality has to offer.

Hettich is best discovered at Hettich.  
We look forward to seeing you!

# Cologne

Cologne, a city bursting with life, is the fourth-largest city in Germany.

Cologne, a 2,000-year-old city spanning the Rhine River in western Germany, is the region's cultural hub. A landmark of High Gothic architecture set amid reconstructed old town, the twin-spired Cologne Cathedral is also known for its gilded medieval reliquary and sweeping river views. The adjacent Museum Ludwig showcases 20th-century art, including many masterpieces by Picasso.

## VW Tour Manufacturing Facility

## Interzum

Interzum provides the furniture industry a voice for the latest innovations and creations. Held biennially in the historic German city of Cologne, this four day show allows designers, interior designers and cabinet makers the opportunity to touch and feel the latest offerings from the world's furniture and cabinet making suppliers.

Interzum is the show where visitors from around the world go to determine what products will be available to their clients in the years to come.

The Volkswagen Group headquarters is located in Wolfsburg, is one of the world's leading automobile manufacturers and the largest carmaker in Europe.

The Group comprises of twelve brands from seven European countries with the most popular cars produced being the Volkswagen, Audi, Bentley, Bugatti, Lamborghini, Porsche and Ducati.

## LIGNA

Future-proof technologies, digitisation, integrated manufacturing and automation are the main issues for the woodworking and timber processing industries – and therefore for LIGNA too. Visitors to the show get a complete overview of what the market has to offer, along with new networking opportunities and the chance to talk to the relevant experts.

This is the only show featuring both primary and secondary industry side by side.

Excellent innovations, exciting events and special products.
